Re: Town of Southampton  
2016-2017 Municipal Compliance Certification and  
Storm Water Management Program Annual Report Forms  
SPDES ID: NYR20A454

Dear Sir or Madam:

In accordance with NYSDEC Phase II Storm Water Regulations and SPDES General Permit No. GP-0-15-003, we are attaching one completed hard copy of our Municipal Compliance Certification and Storm Water Management Program Annual Report Forms for the 2017 to 2018 reporting period.

If there are any questions, please do not hesitate to contact me.

Very truly yours,

Christine Fetten, P.E.  
Town Engineer

**MS4 Annual Report Cover Page**

**4. Evaluating Progress Toward Measurable Goals MCM 1**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

Evaluation of Educational materials distributed and links to more information provided on the website. Perform community presentations on energy efficiency, waste management, sanitary waste, stormwater provide handouts. See attachment

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Town attended the San Gennaro Festival, Village Festival and provided information at the 4 STOP Day Events, and School events. People are generally interested and concerned about water quality aspects, including stormwater, utilizing energy more efficiency and using more renewable and sustainable materials as they recognize that we are an island community. The Town had 221 Stormwater Page views and 160 unique page views. The Town achieved bronze designation as a climate smart community in 2017.

**C. How many times was this observation measured or evaluated in this reporting period?**

		1	0
--	--	---	---

*(ex.: samples/participants/events)*

**D. Has your MS4 made progress toward this Measurable Goal during this reporting period?**

Yes  No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes  No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

Continue to work with the PEPC and TOS Sustainability and Waste Management Advisory Committee as well as the Water Quality Committee to focus on stormwater and other water quality education and outreach events.

**7. Evaluating Progress Toward Measurable Goals MCM 2**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

1. Number of Stop Days and Quantity of Materials/People participating 2016 - 728 people; 2017 - 705 people.
2. Residential Incentives (I/A Septics) - 58 applications received from 9/1/17 - 3/10/18
3. Number of participants and quantity of material from the great east end clean up. - 2017 - 631 participants 23 tons of litter; 2018 - 641 participants 21 tons of litter.

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Town had 4 STOP Days with a slight decrease of participants.  
 The Town did not have a Paper Shred Event in this year.  
 There was an increase in participants in the community clean up event over last year while the quantity was slightly less.  
 The success of the first Town Green Zone led to the Town Board adopting the Town Hall property

**C. How many times was this observation measured or evaluated in this reporting period?**

			4
--	--	--	---

(ex.: samples/participants/events)

**D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes    No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes    No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

The Town will continue to offer residents STOP Days, and community clean up events. The Town will continue to engage the public on the CPF Water Quality Innovative Alternative Sanitary Rebates and work to expand the eligible land area in the future. The Town will be accepting applications for potential stormwater, habitat restoration and additional sanitary systems through the CPF Capital funding opportunity in July.

**12. Evaluating Progress Toward Measurable Goals MCM 3**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

Number of Illegal dump sites that require reporting to TS  
 Number of ID Inspections  
 Number of brochures and education events in which ID Is discussed  
 Inspection of OUTFalls

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

There were a total 15 reported instances of pool discharge, unknown discharge, illegal dumping, sanitary overflow. 5 were pool water; 2 illegal dumping

**C. How many times was this observation measured or evaluated in this reporting period?**

		1	5
--	--	---	---

(ex.: samples/participants/events)

**D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes    No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes    No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

1. Participate in more community education events in which ID is discussed.  
 Perform additional outfall inspections in the next year.  
 Permit and Track of Private Waste Carters.  
 Track amount of IA Rebates issued in high priority areas.

**7. Evaluating Progress Toward Measurable Goals MCM 4**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

# of SWPPs Received 2017 /2018= 7  
 # of Active Construction Projects= 23  
 # of SWPPP Inspections Performed = 40

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The overall process has become very effective, with applicants calling for preconstruction meetings and inspections as required.

**C. How many times was this observation measured or evaluated in this reporting period?**

--	--	--	--	--

(ex.: samples/participants/events)

**D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes    No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes    No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

The Town needs to do more inspections and increase education of local contractors.

**6. Evaluating Progress Toward Measurable Goals MCM 5**

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

**A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.**

Investigate New Post Construction BMP Techniques Establish Electronic Database of Sites Open Space Protection Purchasing Number of Inspections
---

**B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.**

The Town purchased either land or development rights on 134 acres in 2017 reporting year. The Town lost 2 staff members in the past year, which made inspections difficult
---

**C. How many times was this observation measured or evaluated in this reporting period?**

--	--	--	--

(ex.: samples/participants/events)

**D. Has your MS4 made progress toward this measurable goal during this reporting period?**

Yes    No

**E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?**

Yes    No

**F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).**

Continue to inventory, inspect and maintain post construction practices, and require property owners to inspect and maintain systems. Continue to identify, purchase or receive land development suggestions on properties that have the opportunity to improve surface water quality. Work with the new CPF legislation for capital projects for stormwater mitigation projects.

**Minimum Control Measure 6. Stormwater Management for Municipal Operations**

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report? 

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

## EDUCATION PROGRAM DESCRIPTION

---

The Education and Outreach (E&O) Program Plan for the Peconic Estuary Protection Committee consists of public education activities that satisfy the New York State General Permit for Municipal Separate Storm Sewer Systems (MS4) Minimum Control Measure 1: Public Education and Outreach. The Committee serves as an MS4 stormwater coalition, and the Coordinator conducts E&O on behalf of its eleven eastern Long Island members: Suffolk County; the Towns of Brookhaven, East Hampton, Riverhead, Shelter Island, Southampton and Southold; the Villages of Greenport, North Haven and Sag Harbor; and the New York State Department of Transportation. The E&O Program Plan outlines target audiences, presentation content, presentation "toolkit" contents for use at educational events, and a schedule of events.

The Committee meets bi-monthly and sets six-month education and outreach target audiences and messages, drawing from the objectives of the MS4 General Permit. The Coordinator uses materials produced by individual members such as flyers, posters, children's puzzles and pet waste collection bags; and also new jointly-developed materials such as additional brochures, maps, education booth displays, children's activities and posters.

This report documents the E&O activities conducted during the period March 10 to September 9, 2017 and serves to facilitate semi-annual reporting to the NYSDEC under the MS4 General Permit. E&O messages address both pathogen and nitrogen pollutants.

## TARGET AUDIENCES and MESSAGING

---

### Completed March 10 - September 9, 2017

The Committee prioritized the General Public, Homeowners and Youth as the target audiences for the period March 10 - September 9, 2017. The Coordinator conducted outreach to these audiences via street fairs, festivals and municipal community events. The objective was to encourage individuals to modify behaviors at home and in the community to in turn impact water quality in the harbors and bays. E&O was directed at youth at the same events by providing activities that focused on the hydrologic cycle, where stormwater goes, and how pollution impacts sea creatures. The objective was to educate youth so they may be informed and bring educational messages home to their parents.

### GENERAL PUBLIC

#### Messaging

Messaging to this target audience is general education on stormwater, pollution, protecting the bays and doing so through home/community general best management practices (BMPs). See the section, "Education Materials", for an inventory of distributed materials. The E&O objective is to encourage these audiences to modify behaviors and in turn have significant impacts on water quality in harbors and bays.

#### Events

- "Alive on 25" Street Fair, Riverhead. An estimated 5,000 visitors attended the four-hour event and walked the street observing the PEPC educational signage. Approximately 50 people took home brochures and other materials. This event occurred four times over the summer (July 27 and August 10, 24, 31), providing exposure to a possible 20,000 people with an estimated 200 persons taking home educational materials.
- "Green Expo", Shelter Island. An estimated 150 visitors attended this four-hour event on August 26<sup>th</sup> observing PEPC educational signage, with approximately 30 visitors taking home educational materials.
- "Harbor Fest" Street Festival, Sag Harbor. An estimated 10,000 visitors attended this two-day event on September 9-10, observing PEPC educational signage, with approximately 50 visitors taking home educational materials.
- "Polish Association Festival", Riverhead. An estimated 10,000 visitors attended this seven-hour event, observing PEPC educational signage, with approximately 50 people taking home materials.
- Marine Nature Talks, Cornell Cooperative Extension Marine Program & Moustache Brewery, Riverhead. An estimated 40 participants attended the two-hour Marine Nature Talk, observing PEPC educational signage. Event organizers presented the Committee mission statement and brief description of Committee activities to the audience. Approximately 10 people took home educational materials.
- Springs/Accabonac Harbor Farmer's Market, East Hampton. An estimated 500 participants attended this four-hour farmer's market, observing PEPC educational signage. Approximately 25 people took home educational materials.
- Peconic Estuary Program Citizen Advisory Committee (PEP CAC) Meetings. The Committee Coordinator was one of approximately 20 participants attending the PEP CAC meeting on August 16 to discuss water quality protection and restoration goals in the Estuary.

## YOUTH

### Messaging

Messaging to this target audience is general education on the hydrologic cycle, stormwater and how pollutants enter our harbors and bays; as well as simple BMPs for the home and community to mitigate pollution. The Coordinator set up a separate children's education area at each of the General Public events. Educational materials were designed for youth and included word puzzles, cartoon illustrations and artistic graphics. Children fabricated paper raindrops to hang from a storm cloud mobile, and cut out paper fish, as part of a lesson on how stormwater pollution impacts marine life health.

### Events

- "Alive on 25" Street Fair, Riverhead. Approximately 30 children visited the booth per each of the four events, for a total of 120 youths.
- "Green Expo", Shelter Island. Approximately 20 children visited the booth.
- "Harbor Fest" Street Festival, Sag Harbor. Approximately 30 children visited the booth.
- "Polish Association Festival", Riverhead. Approximately 30 children visited the booth.
- Springs/Accabonac Harbor Farmer's Market, East Hampton. Approximately 20 children visited the booth.

## Upcoming September 10, 2017 – March 9, 2018

Water quality education programming for the period September 10, 2017 to March 9, 2018 will target homeowner associations, school children with some continued activity at festivals and street fairs, and the landscaping industry. The objective will be to encourage individuals to modify behaviors at home and in the community to in turn impact water quality in the harbors and bays. E&O directed at youth will include presentations and activities that focus on the hydrologic cycle, where does stormwater go, and how pollution impacts sea creatures. The objective is to educate youth so they may be informed and bring educational messages home to their parents. Messaging to the landscaping industry will regard fertilizer use, irrigation and vegetation maintenance.

## GENERAL PUBLIC

### Messaging

Messaging to this target audience is general education on water pollution conveyed by stormwater, and BMPs that can be implemented in the home and on one's property to reduce runoff and the conveyance of contaminants.

### Events

- Stop Throwing Out Pollutants (S.T.O.P.) Days Each municipality hosts a S.T.O.P. Day at its Recycling Center whereby individuals bring in toxic and dangerous household chemicals to prevent their release into the environment. The Coordinator will provide educational materials on stormwater pollution and BMPs at these events.

- East Hampton: October 21.  
<http://ehamptonny.gov/Facilities/Facility/Details/East-Hampton-Recycling-Center-1>
- Shelter Island: First Saturday each month.  
<http://www.shelterislandhighwaydepartment.us/content/welcome%20to%20the%20shelter%20island%20recycling%20center>
- Riverhead: October 21. <http://www.townofriverheadny.gov/pview.aspx?id=2486&catID=118>
- Southampton: October 21. <http://www.southamptontownny.gov/DocumentCenter/View/2863>
- Southold: November 18. <http://www.southoldtownny.gov/149/Hazardous-Waste>
- Brookhaven: Year-round, select days of week.  
<https://www.brookhavenny.gov/Departments/Recycling-and-Sustainable-Materials-Management/About-Our-Dept>
- Riverhead Rotary Club, Riverhead. Contact: Mary Hughes. November date TBD.
- Havens Beach Homeowner Associations, Sag Harbor. Contact: John Parker. Winter date TBD.

## YOUTH

### Messaging

Messaging to this target audience is general education on the hydrologic cycle, stormwater and how pollutants enter our harbors and bays; as well as simple BMPs for the home and community to mitigate pollution. 30-60 minute presentations and activities will be held at public elementary and middle schools, as well as adolescent afterschool clubs such as 4H and Cub Scouts.

- October 20<sup>th</sup>. "Day in the Life Peconic Estuary" school program.
- November date TBD. 4H Club of Suffolk County. Contact: Tracy Wood.
- November date TBD. Cub Scouts, East Hampton Chapter, East Hampton. Contact: Abby Allen.
- November/December dates TBD. Elementary and Middle Schools of Southold, Riverhead, Southampton, Shelter Island, Greenport, Sag Harbor, Brookhaven and East Hampton.

## LANDSCAPING AND DESIGN INDUSTRY

### Messaging

Messaging to this target audience is BMPs regarding fertilizer use, irrigation and vegetation maintenance. Events include ongoing seminars and workshops on these topics to the landscaping industry, homeowners and designers.

### Events

- Suffolk County Turf and Fertilizer Management Course for the landscape industry. Contact: Elyse Jay, Jennifer McGivern and Tamson Yeh.
- Perfect Earth Project Non-Toxic Landscaping Seminar. Contact: Edwina Von Gal.
- American Institute of Architects (AIA) Peconic Chapter General Meeting. Kay Jones.

## 2018 Spring and Summer

The Committee will revisit E&O goals in February 2018 for the following spring and summer. The next priority audiences can include the architecture and construction industry, the agricultural community, and waterfront and water use businesses.

### ARCHITECTURE AND CONSTRUCTION INDUSTRY

#### Messaging

Messaging to this target audience is on green infrastructure and stormwater BMPs in property design and construction and post-construction activities.

#### Events

- Construction industry events, TBD

### AGRICULTURAL COMMUNITY

#### Messaging

Messaging to this target audience is on fertilizer use, stormwater retention and other sustainable land and water use practices.

#### Events

- Cornell Cooperative Extension Agriculture Education Program: <http://ccesuffolk.org/agriculture>
- Programming within the PEP and Suffolk County project, "Agricultural Stewardship in the Peconic Estuary", including nutrient and pest management planning for farmers in the watershed.

### WATERFRONT AND WATER USE BUSINESSES

#### Messaging

Messaging to this target audience is on marina and boater BMPs on shore and on the water.

#### Events

- Marina events. Outreach to municipal Harbor Masters and the Association of Marine industries Long Island to identify educational opportunities for exposure to boaters on water quality issues.
- Boater Safety Courses conducted by Coast Guard and Peconic Power Squadron.

## EDUCATION MATERIALS

---

Below is a selection of the collated materials that are in print followed by the quantity of each distributed and printed during the period March 10 – September 9, 2017. All materials are pamphlets unless otherwise indicated.

### NITROGEN

#### Understanding Nitrogen Issues (Number Distributed / Number Produced)

- “Where Does the Rain Go?”, Suffolk County (Spanish and English) (50/200)
- “Facts About Stormwater Runoff and How it Affects You”, Town of Shelter Island and Cornell Cooperative Extension Marine Program (10/30)
- “After the Storm: A Citizens Guide to Understanding Stormwater”, United States Environmental Protection Agency (50/200)
- “Stormwater Management Program”, Town of Riverhead (5/20)
- “Stormwater Kids Page”, Cornell Cooperative Extension for Suffolk County Stormwater Management Program (50/100)
- “Stormwater Runoff Pollutes” graphic for children, Heal Our Waterways Program (50/100)
- “Take the Stormwater Runoff Challenge” children’s crossword puzzle, United States Environmental Protection Agency (50/100)
- “Know Your Watershed” illustrated poster, Nassau County Soil and Water Conservation District (30/50)

#### Green Infrastructure (Number Distributed / Number Produced)

- “How Green Infrastructure Can Mitigate Storm Water Pollution and Reduce Storm Water Runoff”, Town of Riverhead (5/20)
- “Stormwater Runoff: Meeting the Challenges of a Changing Landscape”, Town of Riverhead (5/20)
