

RIVERSIDE COMMUNITY & HEALTH SURVEY 2018

Pamela Linden, PhD

Stony Brook Research & Evaluation Consulting, LLC

Siris Barrios & Angela Huneault

Riverside Rediscovered, Inc.

METHODS

- Funding by DEC Environmental Justice Grant
- Door-to-door outreach utilizing a randomized list of 200 that was extracted from the potential 940 households in Riverside.
- Each household was door knocked at least 1 to 6 times.
- Community Liaisons from Riverside Rediscovered and Flanders-Riverside-Northampton Community Association (FRNCA) surveyed residents.
- Surveyors had a 30-min training on conducting surveys, reviewing assignment list, and tracking sheets.
- Survey piloted and modified.
- Surveyors were in the field for 2 hours and return to the office for a 15-30 min debrief session (surveys and tracking sheets were turned in).
- Data entered into online survey and uploaded to SPSS for analysis.
