Review and approval of minutes from February15, 2019 meeting

We thanked John Cerrato for the great job he is doing and for accepting the role of Co chair.

Village of Southampton sent a letter to the Town concerning the Affordable Housing Project in Back of the Full Gospel Church on CR 39.

Ask Julie Lofstadt about the State Bill for the real estate Relief we would like to understand it better.

We discussed the merging of the Tuckahoe School District and Southampton School District and that we would attend the

Budget meetings for both districts. There is a big concern relating to the high taxes in Tuckahoe School District. This is forcing people to move and Builders and Realtors cannot sell homes in the Tuckahoe School district. We have been to the Assessor and Fred Thiele to discuss this matter. This is a big concern and plight for the residents.

Our next meeting will be on Tuesday, April 2, 2019.
