Accept Minutes of March 13, 2019

Taxes in Tuckahoe School District are much too high. We have 4 Golf Courses and Preservation Lands.

Tuckahoe School should be receiving some refunds because of all the lands that are not being taxed. Burden once again falls on land owners.

Talk about merging the schools will cost the district 90,000.

Lorraine and Peter going to attend board budget meeting on March 15, 2019 at Tuckahoe School.

Rental signs on Montauk Highway for the Bentley Motel. Are they condos? Signage to be in violation of Town Code? The signs are on Montauk Highway and Cr 39 on corners of Hill Station Road in Shinnecock Hills. Theresa Romano filed complaint online. Julie Lofstadt said the town is changing the website so that complaints could be seen online if followed through.

We spoke about the NY State Education Laws and transient renters using our schools.

CR 39 was again shut down twice this past week due to accidents and the residents who live off Greenfield Road could not get home once again. Residents said that they were meeting the following Wednesday with Tom Neeley and Jay Schneiderman to discuss the alternate road into their neighborhood.

Our Next Meeting will be on Tuesday, May 7, 2019
