SIGN PERMIT APPLICATION CHECKLIST

****A SEPARATE APPLICATION IS REQUIRED FOR EACH INDIVIDUAL SIGN ****

The Town of Southampton Sign Ordinance was revised in October of 2004 and is now located in [Article XXII, Paragraphs §330-200 through §330-210 of the Town Code](#). Free access to the Town Code and application forms are found at: www.southamptontownny.gov/Towncode & www.southamptontownny.gov/Forms-Fees-ePermitting

REQUIRED:

- Original Application Plus One Duplicate.
- Two Surveys OR Site Plans showing exact location of Building and location of existing and proposed sign.
- Two Sets of COLOR drawings 1/4" scale with elevations for proposed Sign. Include the pantone reference number (or its equivalent) for each color used, materials, embellishments, graphics, height from the ground to base and top, lettering size, font type, and calculations to determine dimensions compliance with code.
- Submit NYS Workers Compensation Insurance certificate from Contractor responsible for work using one of the following approved forms: C105.2, U26.3, or WCB approved waiver form for those who qualify, CE-200.
- Original **Owner Endorsement Form (PDF)** form.
- Proof of Corporation from Property Owner.
- Open Government Disclosure Form (PDF)** for Owner And Applicant.
- Include one (1) set of COLOR CHIPS corresponding to the pantone color reference # for all sign colors.
- Photographs to supplement the design drawings.
- Architectural Review Board Application.**
- Fee (checks are made out to "Town of Southampton"). \$5.00 per sq. ft. \$50.00 minimum. Double fee if sign exists without permit.
-

IN ADDITION:

- Zoning Board of Approval
- Planning Approval
- Two Sets of Plans for Temporary Sign (**Additional \$50.00 fee required**)

A change of use/tenancy requires that an application for a building permit, and an application for a Certificate of Commercial Compliance be made and obtained prior to sign permit approval

*****Incomplete applications are not accepted*****

General Information

Permit Process: After the review and approval process, the Building Inspector will issue a Sign Permit that is good for a period of one (1) year. **Signs are not to be installed until after a permit is issued.** The permit number is to be permanently displayed on the lower right hand corner of each sign per [§330-208A\(1\)](#) and shall be ¾" in height and so as to be complimentary to the overall design scheme. However, you must call this Department for all required inspections at **(631) 702-1840**. **Illuminated signs also require an electrical permit and separate certificate of compliance.** Contact the electrical department for more details by emailing requestelectricalinspection@southamptontownny.gov. The Building Inspector will then issue a certificate of compliance upon a satisfactory inspection and review of any required documentation and certificates. Be advised that it is a code violation, [§330-208A](#) to allow a sign to exist for more than 30 days after being erected without first having a *Certificate of Compliance* on file.

Sign Demo: If an existing sign with an associated certificate of compliance is to be, or was removed without a sign demolition permit, you will need to file a separate building permit (SDEM) to nullify the former certificate, and completed prior to the issuance of a certificate of compliance for the new sign. There is no fee.

The Architectural Review Board ("ARB"): meets the first and third Tuesday of each month. Since applications may take several weeks to process, the ARB recommends that applications be submitted with all necessary information a month before the sign is needed. The Board reserves the right to request additional information not specifically required by this application as may be necessary to conduct an informed review of the application. Tel: 631-702-1844

Plans: must include color and location of any required equipment, lighting, and conduit wiring.

Wind Zone: The Town of Southampton is located in a 130 mph wind zone. Provide construction and fastening details for all signs. Construction and materials shall be designed to meet the minimum requirements of Section 1609 of the Building Code of the State of New York. Certification by a NYS licensed design professional may be required. See [330-210D](#). If sign is to be illuminated, provide internal or external lighting details, including wattage, fixture type and color, spacing, shielding, color and location of related wiring and equipment, and any other information to show compliance with [S.330-207](#) of the Town Code.

Temporary Signs: No more than one temporary business sign may be located on a parcel for each business entity and related business use legally permitted. Each temporary business sign shall prominently display on the lower right corner on the face of such sign the sign permit application number (issued with receipt) which shall be 3/4 inch in height and shall be legible and clearly visible. A TEMPORARY BUSINESS SIGN shall be removed immediately upon the erection of a permanent business sign permitted under an approved sign permit or 90 days from the date the temporary business sign was applied for, whichever occurs first. [§330-205 \(l\)](#)

Proof of Corporation, LLC, Trust, or corporate officers: Examples: Operating agreement, Minutes listing members, documents as proof of trustees, Attorney's Opinion letter (signed & notarized) and others.

For more information: The Town of Southampton sign code is available in our website www.southamptontownny.gov. [§330-200 through 210](#).

IMPORTANT MESSAGE REGARDING HOUSE/BUILDING NUMBERS

Southampton Town Code, Chapter [123-10F](#) requires that all Town residents display house numbers. The law requires that you use only the number assigned by the Town. Structures supporting commercial signs shall not be used to display numbers without ARB approval.

Architectural Review Board

From: *Michael E. Charrier, Chairman, ARB*

We require the following policy & procedures in reviewing sign applications. This is in addition to the requirements listed in the existing zoning code section §330-208-A(1)

1. Other than preliminary applications, all sign applications must adhere to the current sign code. In such cases where exceptions are allowed, the application will have a copy of the Zoning Board of Appeals decision, and a note from the sign reviewer outlining such exceptions.
2. All colors will have a PMS color and reference numbers or equivalent, and it will be clearly indicated as such.
3. The Building Inspector charged with sign administration and enforcement will be copied on all ARB minutes and correspondence to applicants related to signage.
4. All sign designs must indicate, but not be limited to, the following:
 - (a) The type and location of fonts and other graphics
 - (b) Any design element
 - (c) The precise measurement of all lettering, to include measurements between lettering.
 - (d) Measurements of designs and the measurements between the design and the border of the sign.
 - (e) Physical samples of materials with colors applied as deemed necessary by the sign reviewer and/or the ARB
 - (f) The sign depicted upon the building, structure or lot, including scaled relationships.
 - (g) A valid survey supplemented with an accurate site plan with the sign location clearly marked and to include topographical data where freestanding signs may be affected due to changes in grade, and any other information that may assist the Board during design review. Locations of relevant structures on adjacent parcels shall be noted.
 - (h) Sign illumination details, color, type, luminosity, wattage, methods of concealment, etc
 - (j) Prominent numerical address for emergency services

Unless an application is complete and containing, the above information I will not bring the application for a vote of the board.

Michael E. Charrier, Chairman
