SUN20 TV IS ON THE AIR!

The Town of Southampton has launched its new Public Access station, SUN20 TV. The Public Access station is available to Southampton residents on Channel 20 on the cable TV line-up. SUN20 TV is focused on broadcasting locally developed programming. In partnership with LTV studios in Wainscott, SUN20 TV offers production facilities to Southampton residents at affordable rates. But with today's technology you can produce a show by using your cell phone. If you would like to submit content for broadcast please visit the Town website at www.southamptontownny.gov/sun20tv

“We are looking for an assortment of shows from talk shows, cooking demonstrations, DIY lessons, history lectures and fun, interesting examples about what makes our Town great,” said SUN 20 TV Executive Director Connie Conway.

“The Public Access station will bring us closer together as we share talents and ideas to better serve our Community,” said Southampton Town Supervisor Jay Schneiderman. “I’m looking forward to the possibilities!”
