

PROJECT APPLICANT: Hampton Resorts, LLC/Atlantic Hotel

PROJECT TITLE: I/A Hydro-action Treatment System

PROJECT TYPE: Wastewater Treatment Improvement Project

SCALE: Neighborhood/Watershed

APPROACH: Reduction

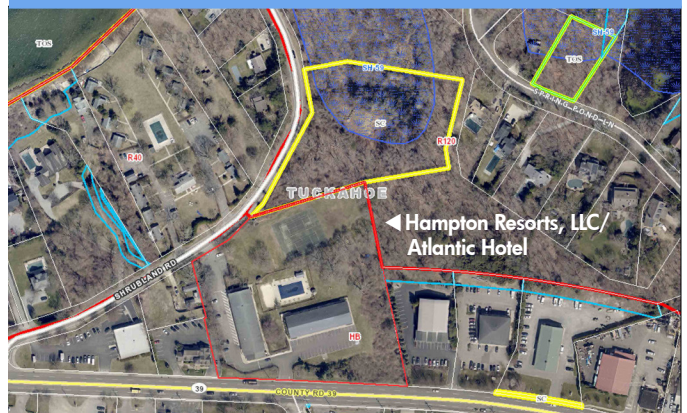

DESCRIPTION:

Hampton Resorts is requesting a second funding award to help replace their existing sanitary system with four (4) HydroAction AN100 units, three (3) manholes, two (2) distribution boxes and twenty eight (28) 4 foot deep leaching galleys. The Hampton Resorts is located in a High Priority area. The proposed HydroAction unit will significantly reduce the amount of Nitrogen entering the environment through their septic system.
