Dear Ms. Sweet,

The Town of Southampton is pleased to submit this progress report to the NYSDEC regarding the remedial activities at the Former Damascus Road Landfill.

Since the previous Progress Report was prepared for the above-referenced site, additional activities that have been completed include the following:

- Received the PFAS groundwater data for the Phase I Investigation of the RI from the contract laboratory on November 18, 2021.
- Received the VOC soil vapor data for the Phase I Investigation of the RI from the contract laboratory on November 24, 2021.
- D&B prepared a letter report (ie: Tech Memo) summarizing the findings of the Phase I Investigation and submitted the letter to the Town on December 7, 2021. A copy is attached.

In the following month, we plan to perform the following:

- Discuss our findings with the NYSDEC.
- Plan the Phase 2 Investigation of the RI.

Please feel free to contact me at 631 283 6055 x 1865 if you have any questions.

Respectfully,
