Dear Ms. Sweet,

The Town of Southampton is pleased to submit this progress report to the NYSDEC regarding the remedial activities at the Former Damascus Road Landfill.

Since the previous Progress Report was prepared for the above-referenced site, additional activities that have been completed include the following:

- Received laboratory data report for the 16 groundwater samples collected in August 2022;
- Drafted data summary tables;
- Completed a preliminary map of the extent of solid waste at the landfill.

In the following month, we plan to perform the following:

- Prepare a summary report discussing on-site groundwater data collected in August 2022;
- Present recommendations for the next investigation phase consisting of the completion of on-site soil borings.

Please feel free to contact me at 631 283 6055 x 1865 if you have any questions.

Respectfully,
