- If your dog is permitted to be off-leash, your dog needs to be well-behaved and must listen to your verbal commands.
- Always be responsible and pay attention to your dog's actions.

PLEASE REMEMBER TO USE COMMON SENSE WHEN BRINGING YOUR DOG TO THE BEACH:

- Make sure you bring plenty of fresh water for your dog to drink. Try to keep your dog from drinking salt water as it can lead to medical problems.
- Keep your dog out of dune areas and away from wildlife, especially areas posted for the protection of endangered species.
- When you have to take your dog off the beach, DO NOT let your dog stay in the car when the weather is warm. Interior temperatures can quickly rise to dangerous levels even on moderately warm days.
